Agenda

1. Intermediate Report to DLR

2. Formal Tools Workshop

3. Update on TCSim status

Discussion

1. Report is due today, i.e., Friday, 15th February.
   If report cannot be sent in time the delay has to be announced to Holger Stegemann (TO) and Yvonne Loehel (CC), both at dlr.de.
   Please, send a copy of the report (resp. the delay announcement) to project-office. The copy is also needed to prepare the German cluster summary report and the project report to ITEA. For ITEA reporting a English version of the report is highly appreciated.

2. Formal Tools workshop
   Regarding schedule the best match for most of the participants is week beginning 15th of April.

3. Update on TCSim status
   DB Netz plans to take the train simulator TCSim into the project. First restoration steps are started. Part of WP5 is the use of TCSim as a demonstrator. Activities for this task have

to be planned in cooperation with DB Netz, ERSA and Krauss Maffei Wegmann.
